

# THE WALLACE SHOW GREAT

Big Crowds Witness Two Fine Performances.

MANY GOOD FEATURES

The Races the Best Ever Seen Here  
The Trained Seals Attracted  
Much Attention—Acts of  
Skill and Strength.

From the time the trains of the Great Wallace Show arrived in Richmond Sunday morning it was very evident that there was a circus in town. The show was given a hearty reception in every way by old and young, but as far as merit is concerned the show was entitled to all it received.

Two mammoth crowds saw two unusually clever performances at the Clay Street grounds yesterday. The thousands of people who gathered along the line of march and almost blockaded Broad Street at certain points showed that the love of the American people for the circus has not waned, and when the band led the entire to the performance the tent was well filled in the afternoon, and last night it was literally packed by the immense crowd, there, not being a vacant seat under the canvas.

**SHOW OF FEATURES.**  
The Wallace circus is pre-eminently one of features, and every feature was such as caused astonishment and brought forth liberal applause. All those supposed impossible things which had been said before the people in glowing colors on the bill boards materialized into the real, and as the thousands of people witnessed their way slowly out of the tents, not one word of adverse criticism was to be heard.

The appearance of the parade promptly on time won the admiration of the masses, because of the handsome horses and ponies, the beautiful costumes and the score of open cages, even the display of the giant hippopotamus being seen. Plenty of music enlivened the line of march and served to cause the tardy one to secure a place from which to see the rich street pageant, which was fully a mile in length. Immediately after the parade the people began to move toward the lot until a large crowd was present in the afternoon, but it was at night that the throng was the greatest, it being necessary to put hundreds upon the hippodrome track.

**A VERY CLEVER ENTERTAINMENT.**  
The Wallace circus performance was first class in every particular. Apparently the management has picked the cream of the performing talent to be found. One would have thought from the appearance of the costumes and trappings that this was near the beginning of the circus season instead of being almost its close. The wardrobe of every performer is fine. There were many innovations, as ring-mistresses and object holders. The musical program was the best heard for some time. The clowns were funny as usual. The boxing act which gave the dignified lady clown an opportunity to almost shake the life out of one of the foolish fellows was extremely amusing.

**WONDERFUL JUMPING.**  
It is useless to enumerate the various acts. All were good, and a few were different from the ordinary. The high jumping horses were wonderful, and during the act of the Silverton Quartette upon the high wire were remarkable, while the act of the three Nevados was truly great, being a very unique display of muscular development. The young lady member of this trio is one of the most beautiful ever seen in a circus ring. The famous Heras family of acrobats did not disappoint. Their act is a remarkable display of agility and strength. The members of the family could put a blacksmith to shame. The "Four Collins" showed some new fancy steps in the act of dancing, while the Stirk family came in for its full share of applause. The riding was up to the standard of this show, although one of the lady riders was unable to ride here because of a badly sprained foot.

Professor Huden's troupe of trained seals were certainly marvellous, while Park Byer's act on the bounding rope was the best of its kind seen here.

**THRILLING RACES.**  
The hippodrome races were the best ever seen in this city. That some of the riders were not killed seems miraculous. They afforded an exciting, close and fitting finish to the two hours' entertainment. The Wallace show more the place.

The menagerie of the show is good, the big "hip," the baby kangaroos and the little blue lions dividing honors with the other well kept beasts. In the center of the menagerie tent stood more than one hundred ponies, and they were the source of much pleasure to the little people.

The department on the show grounds during the stay of the Wallace show in this city was highly admired, there being nothing to which exception could be made. The crowds were well handled, and not one unpleasant feature marred the great day of entertainment, no complaint being made to the police department as a result of the visit of the show.

**THE PARADE.**  
When the Wallace show comes to town the parade is always looked for with pleasure, for it proves to be entertaining and instructive.

It puts on display a collection of live stock that would make the heart of any horse show manager glad, and to the average observer the Wallace parade was indeed, a fine one, but only an introduction to a good show.

Unlike the average circus parade, in the animals, vans, wagons, costumes and paraphernalia that go to make up the parade were clean, neat, epic and span and the women and men who took part in the parade yesterday indicated a degree of beauty and grace and refinement far above the ordinary.

Thousands of people gathered along the line of march and applauded the features and laughed at the clowns and enjoyed the music.

The Wallace shows always carry a good reputation along with them in their parade, which are bright and gay without being gaudy.

Building a Great Vault.

Work was begun yesterday on the construction of a vault for the internal revenue department, and as a result of the preparation necessary there is, the lobby of the postoffice is being built with lumber and scaffolding in order to support the great weight of the vault, which is to be located at the end of the revenue offices on the south side of the building, an iron or concrete or brace must be built from the floor of the postoffice. It is for the construction of this vault that the building is being built. The vault will add greatly to the room in the offices of the revenue department, permitting the removal of four or five bulky iron safes now in those rooms. The vault will be massive in construction and will be completed in about three months' supply of stamps.

## THE CASE OF MILLER

It is Discussed by the Federation of Labor.

### PRESIDENT IS CRITICISED

Typographical Union Does Not Think Well of His Course—Resolutions Urging the Dismissal of Miller.

(By Associated Press.)  
WASHINGTON, D. C., Sept. 21.—The case of Assistant Foreman W. A. Miller, of the Government Printing Office, who was reinstated in his position by order of President Roosevelt after he had been dismissed because of his expulsion from the local bookbinders' union, came up for informal discussion at the meeting today of the Executive Council of the American Federation of Labor. No statement could be obtained in regard to the matter.

A new feature of the case occurred when President Whitmore, of the stereotypers' union, employed at the Government Printing Office, petitioned President Gompers in favor of Miller, urging him not to give the support of the federation to the dismissal of Miller. President Roosevelt, asking for Miller's removal sent out a memorial from the Central Labor Union of this city, and which, it is said, President Whitmore characterized as a blunder.

The President's attitude toward union labor came up before Columbia Typographical Union, No. 101, yesterday in the form of a criticism of his course in the Miller case. The purpose of the resolution was very similar to that adopted and sent throughout the country.

The Central Labor Union of this city tonight took supplemental action in the case of W. A. Miller, and adopted strong resolutions, which were sent to President Roosevelt, urging Miller's dismissal. The union earnestly requests the President to modify his orders of last July to Secretary Corley, in which the President says there shall be no discrimination between union and non-union.

**Charters Granted.**  
The Corporation Commission yesterday granted charters to the Great Bridge Social Club, incorporated of Norfolk county, with Thomas R. Walton, president; W. G. Dickinson, vice-president; J. H. Dozier, secretary and treasurer. Capital \$300 to \$1,000.

The Baltimore Mutual Telephone Company was granted permission to change its corporate name to the Farmers' Mutual Telephone Company. J. E. Powell is president, and Charles A. Miller secretary.

The members of the commission were busy yesterday preparing the assessment of railway and other properties of public service companies. This work will engage their attention for some time.

### A Cure for Asthma

The worst cases of Asthma in the world succumb readily to the one great cure that never fails. Dr. Randolph Schiffmann's Asthma Cure almost performs miracles. Mr. R. M. Spencer, 2330 Vermont avenue, Toledo, O., says: "Asthma has been growing on me for 3 years, until last summer the attacks became so severe that many nights I spent half the time gasping for breath. Doctors seemed to give no relief whatever, and I felt there was no hope for me, when a drug clerk recommended your Asthma Cure. Its effect is truly magical and gives complete relief in from 2 to 5 minutes."

Sold by all druggists at 50c and \$1.00. Send 2c stamp to Dr. R. Schiffmann, Box 583, St. Paul, Minn., for a free sample package.

## LESS HOPE OF PEACE

One of the Powers Alleged to Be Encouraging Military.

### BULGARIA TALKS OF WAR

In Reply to Advances from the Porte Bulgaria Demands that Turkey Must End the Massacres—Five Hundred Turks Killed.

(By Associated Press.)  
SOFIA, BULGARIA, Sept. 21.—The unfavorable replies of Austria and Russia to Bulgaria's last note and the fact that none of the other great Powers has yet replied, coupled with the allegations that one of the Powers is encouraging the military party at Yildiz Kiosk, tend to create a less hopeful feeling here. There is, however, no perceptible change in the situation.

Various reports are in circulation regarding negotiations between Turkey and Bulgaria looking to a solution of the Macedonian revolution. The Dnevnik says Turkey has presented a note to Bulgaria asking for the latter's assistance in reaching a peaceable solution.

**TURKEY MUST STOP MASSACRES.**  
Bulgaria replied that Turkey must end the massacres. The Bulgarian reply concluded: "If the present situation continues the Bulgarian government will be compelled to yield to public opinion and send an army to the frontier."

It appears doubtful that the government has sent such an answer. According to information received at revolutionary headquarters from Monastir, 120 persons perished in the flames of their burning villages near Kastoria and more than 1,200 bodies of women and children are said to be lying unburied in the fields and on the roadsides around that place.

**FIVE HUNDRED KILLED.**  
According to fugitives who have arrived at Rila from Djumalia, a serious engagement has occurred at Perin, near Melnik, sixty-five miles from Salonica, in which the Turks are said to have lost 500 men killed and 1,000 wounded. A special dispatch from Rila gives the following details of the fighting at Perin: On the 16th of September 1,000 Turkish troops surrounded the village and attacked the bands under Steinfelt and Derwingoff, who had taken up a position in the village. The latter were reinforced by the bands commanded by Yankoff and Zontcheff and the combined insurgent forces turned on the Turks and completely annihilated them.

One Turkish commander was captured. It is reported here that five hundred Turks have been killed with dynamite while fighting against a body of insurgents in the Kresna dofile.

### CIVILIZATION SHOCKED

But the State Department is Reluctant About Any Warning from America.

WASHINGTON, D. C., Sept. 21.—The State Department today received a long cablegram from Minister Lelachian, Constantinople, but nothing was given out regarding it except the informal statement that it contained no alarming news and was in part concerned with routine business.

Communications have reached the State Department urging this government to say or do something that will put a stop to the atrocities in Turkey. It is said that this pressure does not emanate from the missionaries.

Officials at the State Department are doubtful about the probability of the United States giving expression to the feeling with which the alleged atrocities in Turkey are viewed by the people of the United States, but they say that reports from Turkey show that the atrocities perpetrated in sections of that country are of such a character as to shock civilization, and necessarily are of deep concern to the United States.

### UNION OPPOSES STRIKES

Brass Workers of Country Organize and Stand for Arbitration.

ST. LOUIS, September 21.—A labor union, the fundamental principles of which are opposition to all strikes and in favor of settling disputes with employers by arbitration, has been organized here. It is known as the Independent Association of Brass Workers. Delegates representing brass workers in New York, Chicago, Philadelphia, Cleveland and other cities met the local craftsmen in a conference which resulted in the union. A declaration of principles was drafted and submitted to a committee that will report at the next meeting to be held in Chicago Thanksgiving Day.

The declaration of principles members are pledged not to inaugurate a strike, and all will be required to take the oath of allegiance to the United States. The new union will be independent of other labor organizations.

### BOILER EXPLOSION

One Man Killed and Two Fatally Wounded.

(Special to The Times-Dispatch.)  
BRISTOL, TENN., Sept. 21.—By the explosion of a tug mill boiler at Virginia City, Tenn., yesterday, last evening, Noah Buchanan, the fireman, was instantly killed, while his father Charles Buchanan and Albert Mende were so badly injured that they may not recover.

### Postoffice Robbed.

(By Associated Press.)  
RALPH, N. C., September 21.—The postoffice at Virginia Station, N. C., was robbed to-night at \$12 in cash and Southern Railway checks in the temporary absence of the postmaster. There is no clue to the robbery.

Author of  
"A JAPANESE NIGHTINGALE," &c.

Decorated Cloth, Gilt Tops, &c. IN BOX, \$2.00 NET.

Japan—the land of flowers—is the scene of this new love story by the author of "A Japanese Nightingale." It is marked by all the daintiness and naive charm of style of the earlier book. The story is even more original. There are delicately colored illustrations and quaint Japanese decorations on every page.

## ODD-FELLOWS IN SESSION

Sovereign Grand Lodge Convened in Baltimore.

### HEALTHY GROWTH SHOWN

Annual Reports Show the Order to Be in Prosperous Condition—Llulliant Illumination and Reception at Night.

(By Associated Press.)  
BALTIMORE, MD., September 21.—The opening exercises of the annual convention of the Sovereign Grand Lodge of Odd-Fellows began here today in Ford's Opera House.

Grand Master Edward Rossman, of the Grand Lodge of Maryland, delivered an address of welcome, which was responded to by Governor John Walter Smith on the part of Maryland, and Mayor Robert M. McLean for Baltimore.

Grand Sire John B. Goodwin, of Georgia, then made an address, after which the Sovereign Grand Lodge proceeded to Odd-Fellows' Temple and began its secret deliberations.

The annual report of Grand Sire and Commander in Chief Goodwin, shows the order to be in a flourishing condition. The total membership, which includes the subordinate lodge membership and the sisters only of the Rebekah Lodge membership, is 1,228,026. The total revenue of the order in 1907 was \$1,553,905, of which \$3,893,220 were expended in relief.

It is roughly estimated that there are now in Baltimore 25,000 visiting Odd-Fellows, and officials of the order say that many more will be here to-morrow and Wednesday. The streets, hotels and public resorts are filled with people wearing the I. O. O. F. designs, and to-night the city as well as public buildings and many mercantile houses are brilliantly illuminated.

This evening a reception was tendered to Grand Sire Goodwin and General M. A. Rainey, commanding the militant. At the reception to-night in Fifth Regiment Armory, General M. A. Rainey, commanding general of the Patriarchs Militant, was presented with a diamond studded sword by Grand Sire Goodwin on behalf of the staff of the Grand Sire.

### NEW YORK MILLIONAIRE WHO WAS ASSASSINATED

(By Associated Press.)  
NEW YORK, Sept. 21.—The body of Orlando P. Dexter, the New York millionaire, who was assassinated near his summer home in the Adirondacks, arrived here today. John F. Badger, who was attorney for the dead man, accompanied the body said: "Mr. Dexter had many enemies because of his relentless warfare against game poachers."

### Silver Goes Up.

(By Associated Press.)  
NEW YORK, September 21.—The price of commercial bar silver advanced to 59 cents an ounce to-day, the highest price since July 1, 1901.

## LOW IS ENDORSED BY THE DEMOCRATS

(By Associated Press.)  
NEW YORK, September 21.—At a meeting of the leaders of the Greater New York Democracy, held to-night to determine whether the organization should support Mayor Low and the fusion ticket, or make up a slate of its own, William Hopburn Russell, who resigned to-night as commissioner of accounts, protested against the endorsement and announced his administration as being principally Republican.

Borough President Carter denounced Mr. Russell as having betrayed the organization and as being desirous to return to Tammany Hall. Other leaders also expressed their disapproval of his action to support the Mayor. It was finally resolved by a vote of 50 to 1. Mr. Russell being the only dissenter, to hear the conference on the selection of Low, Grout and Pories to head the ticket.

## A FORMER BANDIT ALLEGED EMBEZZLER

Serious Charge Made Against Cole Younger, but He Says It is Retaliation

(By Associated Press.)

NEVADA, MO., September 21.—A charge of embezzlement of \$5,000 has been made against Cole Younger, former bandit, by the management of a wild west show, with which Frank James and Younger have been associated since shortly after Younger's pardon from the Minnesota penitentiary, where he was serving life sentence. James and Younger had previously brought action for damages against the management because, as they allege, the show proprietor failed to equip the aggregation according to contract, and refused to drive away the gambling element that followed the shows. Both James and Younger assert there is nothing in the embezzlement charges which they say is retaliatory.

## SUFFERED THREE YEARS

With Catarrh of the Bowels and Digestive Organs.

Unable to Find Relief—Peruna Cured.

Her Son Says: "Mother's Improvement is Remarkable. She is Not Like the Same Person."

MRS. MARY M. MARSHALL, Tip-ton, Mo., writes: "I suffered three years with catarrh of the digestive organs and bowels. I was unable to find relief until as a last resort I was induced to try Peruna. I began the use of Peruna when I was confined to the bed, and can say that I experienced a benefit from the first dose. I have taken five bottles in all, and I believe I am cured of my trouble, and am enjoying as good health as an old lady of my age could expect. My age is 77. I recommend your medicine to sufferers whenever I meet them, and others of my friends are using it with great success. I will always feel grateful to you for your grand medicine and kind advice, and trust that many others may be as greatly benefited as I have been. All letters of inquiry cheerfully answered."

In regard to the above Mrs. Marshall's "I must say with all candor that my mother's improvement is remarkable. She is not like the same person. She began taking your Peruna and following your dietary regulations, and has steadily improved during the four weeks' use of Peruna. I think that is wonderful, considering her case is of three years' standing."

Mr. Charles W. Thompson, Member of Congress, Fifth Alabama District, writes from Washington, D. C.:

"My cashier has used your Peruna for indigestion with the most unexampled and beneficial results, and I cannot too highly or earnestly recommend its general use."—Chas. W. Thompson.

Dyspepsia, medicine, diarrhoea, medicine and constipation medicine is of no good whatever when catarrh is the cause. The catarrh must be treated. The cause being removed, the derangement will disappear.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

## SAM PARKS IS FIGHTING

Raises a Disturbance in Iron Workers' Convention.

### DENOUNCED DELEGATES

Declared There Were Some Present Who Had No Right to Be There.

Was Finally Silenced and Business Proceeded.

(By Associated Press.)  
KANSAS CITY, MO., Sept. 21.—Before the International Bridge and Structural Iron Workers' Convention met in annual session here to-day, Sam Parks, of New York, said:

"I have come here for the purpose of making the fight of my life for labor, and I honestly believe necessary to make such a fight. The delegates from local union No. 2 from New York city are going into this convention. President Buchanan has no power to suspend local union No. 2, and we will go into this convention without hindrance."

Hardly had President Buchanan called the convention to order when Samuel Parks jumped to his feet. He wanted to know if the convention had been called as a gathering of organized labor or as a public meeting. Without waiting for an answer he went on to announce in a loud voice that he was going to make a speech to all those present. There were some in the hall, he said, not rightfully delegates to the convention, and he requested that these be removed.

There were murmurs of disapproval throughout the floor, and President Buchanan interrupted the New York delegate with the statement that he was out of order.

Several delegates attempted to gain the attention of the chair, but President Buchanan ordered the convention to proceed with the next order of business, the reading of credentials of the different unions.

Parks again created a disturbance by asserting that there were a number of members of the Kansas City union that were not properly in the hall. He declared if there were a lot of persons who traveled from New York who would be disbanded from the convention.

President Buchanan finally secured order, and all the delegates presented their credentials to the secretary. The President then appointed the credentials committee and the convention adjourned for the day.

### Relic of Journalism.

Mr. John A. Upshur, secretary to the State Corporation Commission, has in his possession a relic of early journalism in the shape of a copy of the Old Virginia Gazette, Extraordinary, published July 23, 1791, which is of especial interest because of the fact that the publisher, Augustine Davis, was Mr. Upshur's great grandfather. The files of this old paper for an earlier date are not in the State Library building, but this is evidently a loose copy, kept for years by some old-limey and handed down to him by a son. Augustine Davis was postmaster of the town at that time also.

### Quarters Enlarged.

Room 28 in the Library building, on the north wing, on the second floor, is being papered and prepared for occupancy by the Attorney-General's department, as an additional room for the use of the examination of officers for commissions or for such other purpose as may be required. It has been used largely for storage heretofore.

### Fell Dead From Door Step.

Hunter (inspired), of No. 126 North Seventeenth Street, fell dead yesterday afternoon. He was sitting on his door step, when attacked with heart disease. He had been sick some time and unable to go to his work. His body was found by a neighbor, and he was viewed by Coroner Taylor, but an inquest was deemed unnecessary.

## FISHER STEAMER

RUMORED SAFE

(By Associated Press.)

NORFOLK, VA., September 21.—An unconfirmed rumor from Wachapreague in a special to the Virginian-Pilot states the fishing steamer Beatrice, supposed to have been lost in a hurricane, has arrived off Delaware Breakwater with two men lost and her crew of thirty-five.
